I see. Then how about if we do it like this?:

CFAC's draft Phase 1 Data Summary Report is now available on the contractor's website:

- [Draft Phase 1 Data Summary Report Exit](#)

EPA is sharing this link for those who are interested in the information received to date. Please note this is in draft form while EPA and Montana DEQ review the document. If you wish to comment, please contact the EPA or Montana DEQ representatives listed at right or the [CFAC contractor \(CFAC-Comments@rouxinc.com\)](mailto:CFAC-Comments@rouxinc.com).

Hi Bill,

My attempt was to let people leave comments with which ever organization they are more comfortable leaving them with. If it is too confusing we can leave them off.

Thanks  
Mike

I was doing this as a favor for Mike while Robert is out. He is the primary RPM on the site and needs to address this.

Isn't it rather confusing to tell people to contact the EPA and MDEQ representatives with comments and then say there is an email where CFAC is receiving comments? Who should they contact?

CFAC provided an email address where they will be accepting comments on the report after I sent the initial email. Please use this revision instead.
